

## PRODUCT DESCRIPTION

Coated with a permanent pressure sensitive acrylic adhesive, RTape metalized VinylEfx® films exhibit good adhesion to a wide variety of sign substrates. User should determine the suitability of the film prior to use in production. VinylEfx® films are hot-embossed to produce deeper and more defined patterns. Their realistic and distinctive eye-catching appearance duplicates the look of metallic finishes. RTape's decorative series metalized films provide long-term indoor use as well limited outdoor durability. All VinylEfx® films are printable using screen print, digital print and offset inks formulated for pressure sensitive vinyl films.

Adhesive	Acrylic
Color	Various
Caliper, facestock	2.7 mils (65micron)
Caliper, facestock + adhesive	3.7 mils (90 micron)
Release Liner	one side coated white kraft paper, 143 g/m2
Adhesion to Stainless Steel	25 oz/in.to Stainless Steel. Good adhesion to a wide variety of sign substrates. User should determine the suitability of the film prior to use in production.
Tensile	N/A
Elongation	N/A
Tear Resistance (grams)	N/A
Durability	Intended for indoor application only; limited outdoor life.
Shelf life Stored at 22°C (72°F)/ 50-55 % RH	1 year
